

ENTERSECT POLICE ONLINE

SERVICE OFFER

Entersect Police Online (EPO) is available to government justice agencies and law enforcement users only. EPO is a frequently updated database consisting of over 12 billion real valid in depth investigative records. What makes EPO different? We have the only instant database that can be searched by various telephone numbers including cellular, unlisted, and other non-traditional numbers. We also offer cutting edge people locator tools, comprehensive reports, and much more.

ASSOCIATED COSTS

Unlimited usage contracts by month, year or multi-year. That's right, you can run unlimited people finder, telephone, real property, civil record, comprehensive, and many other searches for a flat rate, no per use fees.

COP ON CALL SERVICE

Many database companies provide you with access codes, a brief training session, and leave you to incur high transaction fees as you attempt to retain all that you learned. In addition, you will need to interpret results or guess which search option is most efficient for your purpose. Our "Cop on Call" service is available only to law enforcement; we'll personally run your searches for you at any hour to assist you in retrieving the best results. We've been doing this for years and experience does count!

ADDITIONAL INFORMATION

We would like to show you how Entersect Police Online works and compare our service to any existing source you may currently use. We are confident we can provide superior investigative data and outstanding service. A monthly, yearly or multi-year agreement will allow you unlimited searches!

NATIONWIDE COVERAGE

Every match or other piece of information can be linked to a comprehensive report for additional instant information making this an investigative researchers dream!
